

CHHANON TENG

+855 (066) 764-882 // cteng@paragoniu.edu.kh

No. 14 St. 255 Sangkat Bakkheng, Khan Toul Kork, Phnom Penh

Computer Science student with experience in web application development, database systems, and cloud deployment. Strong foundation in software engineering, database design, and problem-solving, with a willingness to learn new technologies and adapt to project requirements.

TECHNICAL SKILLS

Programming Languages:

- Java
- Python
- C++
- JavaScript
- PHP

Web Development:

- Django, Laravel
- Next.js
- HTML
- CSS
- REST APIs

Database Technologies:

- MySQL, PostgreSQL, MariaDB

Cloud & Infrastructure

- Linux (Ubuntu)
- DigitalOcean
- Cloudflare
- Domain and Firewall Configuration
- Web Application Deployment

Development Tools

- GitHub
- VS Code
- Figma
- Android Studio (Basic)

EDUCATION BACKGROUND

Graduate: Bachelor of Science in Computer Science
Paragon International University, 2023-2026
Secondary: Pichenda High School, 2016-2022 Valedictorian
Elementary: Samaki Elementary School, 2010-2016
Valedictorian

PROJECT EXPERIENCE

ConceptIdentify – AI-Assisted Educational Platform (Final Year Project)

- Built a production-ready web application using Django, Next.js, PostgreSQL, and pgvector
- Implemented secure authentication, REST APIs, and database-driven functionality
- Deployed and maintained the platform on a Linux cloud server with Cloudflare integration
- Applied software engineering principles including system design, testing, and deployment

Auto CV Generation System – Develop in Sophomore year

- Developed and deployed a web application that automatically generates professional CVs from user input

Legend Of Kage – 2D Ninja Game

- Designed and developed a complete 2D action game using Godot 4
- Implemented gameplay systems, character controls, and game mechanics
